AFFIDAVIT

Application for exemption to the closed captioning requirements on the basis of undue burden.

To whom it may concern:

7/12/07

We are a small church with limited funds. We have investigated the cost of closed captioning, and it would cost us slightly more than TWO AND A HALF TIMES the cost of our television program. For a TV program that costs us \$170 dollars, we would be required to pay \$449.50 to have closed captioning or a total cost of \$619.50 per program. We cannot afford such expense.

Therefore, we are petitioning for exemption from this undue burden. We would like an affirmative answer as quickly as possible.

Sincerely,
